Dear Sponsors and Benefactors,

First of all, I would like to say my sincere thanks to all the sponsors, benefactors!

Anh Linh Love School has existed for 29 years thanks to the kindness, generosity and the love of the sponsors for the poor children. At Anh Linh Love School, the students not only learn knowledge but also learn to become a good person. Therefore, they will have a brighter future.

Most of them have a very complicated family situation. Their parents divorced or passed away so they live with their mother and stepfather or their father and stepmother or they only live with grandmother... Their family move from the countryside to the city to find a job. They have to work hard but they receive a low salary because they are manual labors. So, to save money, they rent a cheap accommodation, a poor place or the slums which is very far from school.

Living in the bad situation like that, the children lack of nutrition, lack of caring, lack of family love... Few of girls are sexually abused by their stepfather!

Therefore, Anh Linh Love School is a place to help them change their fate through education. Over the past 29 years, many generations of students have grown up from this school. The old students got married and have a better life.
